Package Description:

The Centennial Buildings in Tacoma had an option for the state's General Administration (GA) to buy out the leases. This was decided to be acted upon and the funding was reduced in the 2001-03 Biennium Budget initial allotment, beginning July 1, 2002.

However, upon research, it was determined that the Centennial Building could not be purchased at the required federal amortization time for purchases. To obtain federal earnings, a 50 year purchase period was required, but the State Treasurers Office would only grant a loan period of 20 years.

Therefore, GA did not purchase the Centennial Buildings and the reduced funding was not saved. This restores the funding for the Centennial Buildings' leases to their original level.
